1. Who can see the handwriting on the wall for destruction not, but for deliverance? Deliverance from the kingdom of the earth's constraints. And yea that which I do now, being a new thing unto man of the earth, but yea unto Me is not new at all; but yea I am one, I am conquered not, and never will be.

2. In My surrender I have given much and many things and I recant not, I relent not; and I am a priest/you are a priest; and who will not be a priest except the ones who reject their priesthood which I have given; yea, surrender to, not; but gave in the depth of My love, the breadth of My love, yea Father's heart all encompassing.

3. See what I have said and love Me more, value Me more. I want you more.
I want you in the wee hours more, with joy, and not drudgery.
Drudgery is not your name and has never been, but mostly delight; and I so delight in you when you come to Me and let Me write, let Me speak, let Me massage your heart, let Me give you My mind and touch your face and see your eyes in Mine.

4. I love you and I give you a new thing, a new place; new people, new circumstances, new relationships/friendships and streams of revenue that never end, yea My currency; your obedience conquers all: your willingness to listen to My words however far fetched and discombobulated and confusing man's mind may think they are, you have written; you have laughed not, in derision, but only with delight at times of My lightness.
You enjoy My humor.
Your heart stills so quickly when I come.
Yea into thee I see deeply and darkness-not; none there. I love you.

5. Generator of one; generating many generations; and who can see the lighthouses that come forth, stanchion'd not in rigidity and doctrine, but yea ever flowing/effervescent, dynamic relationships of Me/with Me, Me being Me fully and freely with and through each one; yea conquering darkness all, not with fight, but with rest and standing.

6. **I thank you for My day of rest coming into, understanding, and preaching the daylights out of**, not; for there is no way that the light can be removed from My light, My daylight; light now as the noonday sun, and yea more intense bright; and who can see the moment of My appearing in My surrendered?

7. I give you Me. I promise. And I make haste not, but I do not delay, and My timing is of Father; and I trust you. You wait for Me not in vain. You are a priest in the Order of Melchizedek; and you take Melchizedek's hand and you put it/Me, yea My Kingdom, in the hand/head/heart of now so many of our brethren that look nothing like Me/you; and yet are exactly like we are.

8. See what I am saying.

9. Enjoy My breakfast with you; Yea as you sit at your desk of 25 years; and yea no longer, for I give it to another. I pass it on now into generations and I lift you to My desk not, for I have no desk such as yours; but yea your desk now is the Kingdom expanded; and where you write and how you write and sift through My words, not picking and choosing that which you want for your own edification-thought; but yea eating every one, every one of My words, all of My words, all that I give, all of My Kingdom revelation; **yea, the beginning, the end that isn't, the beginning that did not occur, but exists in men's mind; for yea all is as was, is coming, and you know all**; you have the mind of Christ. There is nothing you do not know, yea in fullness, the fullness that I now bring; and yea My desk, My Kingdom, My crown, My pen, My scope, My scepter; My adversaries not, for I have none.

10. I am one. You/We now are One; and we enjoy coffees in Kingdoms many; times past and future. I love you. There is no beginning and there is no end; for in the beginning I am, I already was; and you are Me, you still are, but now you know it. I've revealed it and you have listened, and you have let; you have let My words come into you and you have valued them above breath; and now My Friend, you are not afraid of death; in death you will stand; you will stand and death cannot pass you, penetrate you, and will condemn you to nothing. For I stand in radiant, yea in you, the seat of Christ, Father, yea One we stand; and in the rest that Father created and said yea, good/good; I am Good; and who is Father and who is the I and, yea what did we do then; and yea all is in your hand not; all is in Mine; and who are you but Me; surrendered, My life living; yea see My rhetoric not confusing, but yea laying design by design, line upon line, angle and arcs; and connections and linkages and times without/beyond time.

11. I love you and I give you Me, and I thank you for coming into Me and valuing Me.
I thank you for wanting My eyes.
I thank you for not being afraid of Me, to look into Me.
I thank you for your surrender.

I thank you for your chair, for I have given you Mine; and you know whereof I speak and you share/show many now; exhibiting and more so displaying My power, My invitation as you did in WeekWorks last, and yea now in WeekWorks all, My appearing.
I love you and I give you Me.
I love you and I give you Me.
I love you, and I give you Me.

12. Your life changes dramatically on a moment's notice, not; less.

13. I love you, pure, clean, crystal clear flowing water of Me to/of Me to My Mine.

14. **Saltines and Vienna Sausage and dollar hot dogs, no more; y**ou are My finest and you take My finest now to all, most having no idea what is really fine in Kingdom terms. You lift the fallen, you reach the lepers; you touch the healing-desperate-for in My name. You Compassion are, Ted; you soft and always will be. I love your sensitivity and always have; even when you hated it and asked to be changed.

15. You suffer not, little one; not little anymore; for all know My name through My surrendered ones coming forth in generations that know no end. My University rises, My lands come forth, My buildings come forth; my from the four corners and beyond come forth and flow in the unity-precious of one; and yea Father knows no light, not; for all light is and flows in Me.

16. I give you My hand, My ring, My cape; My feet you have, My heart you have; My hands you now have and My head you are/lift; yea far and abroad and away, and afar and near; and in My/your family, yea who one are and one is and one family, yea in Father's happy household that knows no Kingdom-other and no boundary and no end. I love you.

17. Have a good day.
You are Mine. I am yours. We are one.
Make haste, not; to obey; but yea in rest is strength;
In the quiet still of My voice you know,
I share so softly with My Beloved.
I love you.
Good day.

18. My Kingdom knows no end.

You are My Kingdom.

This is part of your/My message to all.

Tell them all, they are My Kingdom.

I love you.

Amen
